Carry the scales of justice in one hand, and a two-ton sedan in the other.

You're a genetically enhanced agent of justice authorized to do whatever it takes to sweep the criminal scum out of Pacific City. From the streets to the rooftops, use anything you can get your hands on to show the thugs that crime doesn't pay. And for the ultimate payback, combine forces in co-op play for twice the destruction and double the retribution.

THE STORM FRONT

I usually catch up on my favorite TV shows when they come out on DVD and one new series I'm watching is the thrilling **SUPERNATURAL**. It's a fun and scary show that follows the Winchester brothers, Sam and Dean, as they hunt down the paranormal underbelly of life in pursuit of the demon that killed their mother. And they do it all to cool classic rock tunes in their black '67 Chevy Impala, or as us fans like to call it, the Metallica.

WildStorm's excited to bring this dark, complex show to comics with our upcoming **SUPERNATURAL: ORIGINS** series illustrated by the sensational Matthew Dow Smith and written by series co-executive producer Peter Johnson, so you know it'll be completely faithful to the show. The first issue goes back to the beginning and follows the patriarch John Winchester as he finds himself entering this new world while trying to make sense of the loss of his wife and raising his two kids. Plus, there's also a back-up story with Sam and Dean as kids by Geoff Johns and Phil Hester.

May also brings the **ALAN MOORE: WILD WORLDS** TPB collecting Alan's non-WildCats stories from the WildStorm Universe, including **DEATHBLOW: BYBLOWS**, **SPAWN/WILDCATS**, **WILDSTORM SPOTLIGHT #1** and more. Anytime we get a chance to work with someone like Alan is an opportunity to sit back and enjoy the ride...and with artists like Jim Baikie, Scott Clark and Carlos D'Anda you know you've got some good company along the way.
